

Opening of the ICT Center of Tajikistan and South Korea at the Technological University of Tajikistan

On March 13, 2018, the Center for Information and Communication Technologies of Tajikistan and South Korea officially opened at the Technological University of Tajikistan. The opening ceremony was attended by the Ambassador of South Korea to the Republic of Tajikistan, Mr. Lee U Chol, representatives of the Ministry of Industry and New Technologies of the Republic of Tajikistan, the Ministry of Education and Science of the Republic of Tajikistan and several other guests.

The center is equipped with 9 computers, 10 notebooks, 8 electronic tablets, 1 color printer and other equipment for conducting programming lessons.
